Congratulations on your purchase of the Andrea EDU-USB Adapter!

Andrea's EDU-USB Digital Audio Adapter is a high fidelity external sound card device with stereo input and output.

CONNECTING YOUR EDU-USB ADAPTER TO YOUR COMPUTER

1. Plug USB connector into USB slot on your computer.

2. Connect your headset, headphone or microphone to the color coded jack(s) on the EDU-USB adapter.

TROUBLESHOOTING

If you encounter the following problems:

No sound from headset ear phone while an audio CD plays from computer.

A. Check all connections.
B. Check that the correct audio device is selected in the PCs control panel
C. Check output volume level adjustment in software and on the cable module.

If you encounter the following problems:

Microphone does not record sound when using a voice-recording application.

A. Check all connections.
B. Bring the microphone closer to your mouth.
C. Check input control for proper level in software.
D. Check that microphone is not muted on cable module or in the PCs microphone audio panel.
