

Congratulations on your purchase of the Andrea PC Headset NC-8!

The Andrea PC Noise-Canceling Headset NC-8 features state-of-the-art noise-canceling microphone technology that removes background noise and echo speaker feedback for optimal voice recognition. Users receive:

- Andrea microphone technology in a ultra-light headset that can be easily folded flat for convenient storage.
- Enhanced sound quality and accuracy of PC speech-driven applications.

COMPATIBILITY:

The NC-8 is compatible with most major sound cards.

Connecting the NC-8 Headset:
To connect the Andrea PC Headset NC-8 to your computer's sound card:

1. Plug the pink microphone jack (indicated by a microphone icon) into the "mic in" port.

HEADSET INSTRUCTIONS:

1. Fit the adjustable headband over your head to secure the headset with the ear ring resting comfortably around your ear and the temple pad about one to two inches over the other ear.
2. Adjust the microphone boom so that the microphone is approximately 3/4" in front of your mouth, making sure that you are talking into the voice side of the microphone, indicated by the white dot.
3. To wear the headset on your other ear rotate the ear ring and flexible boom 180°.

TROUBLESHOOTING:
If you encounter the following problems:

Problem:
Microphone does not record sound when using a voice-recording application.

- Solution:
- A. Check all connections.
 - B. Bring the microphone closer to your mouth.
 - C. Check input control for proper level in software.
