

Cable Accessories

All Andrea accessories use gold-plated connectors which reduce corrosion and oxidation, improves signal quality, and helps ensure maximum performance.

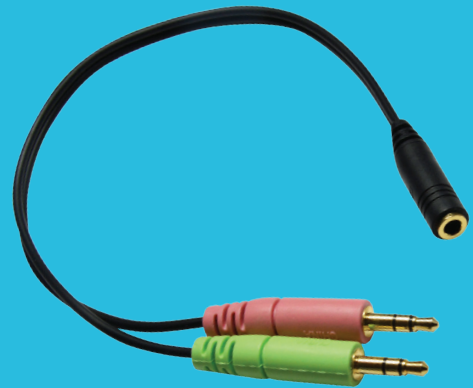

TRRS MICROPHONE ADAPTER

Converts a standard TRS (3 Conductor) 3.5mm Microphone Jack (usually pink) into a TRRS (4 conductor) single 3.5mm plug for mobile phone use or for computers with a single audio port. For use with Andrea NC-8 and Andrea ARRAY2S as well as other microphone products.

C-100 MOBILE ADAPTER CABLE

Converts all Andrea Communications headsets with dual 3.5mm audio plugs into a single 3.5mm 4 conductor plug for mobile phone use or for computers with a single audio port.

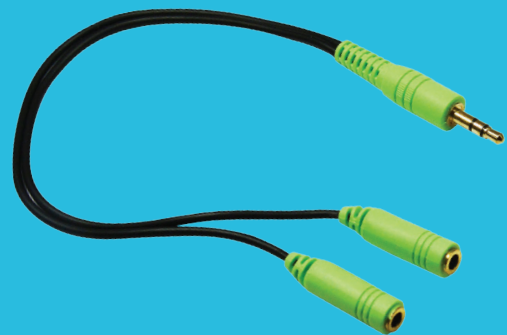

C-200 MOBILE HEADSET COMPUTER ADAPTER

Converts all headsets with a single shared audio plug (TRRS) into dual color-coded 3.5mm plugs for PC computer use.

C-400 USB TYPE C ADAPTER

The C-400 USB Type C Adapter lets you connect your Andrea Communications USB Headset to a MacBook®, Chromebook, or any computer with a USB-C port.

Y-100 SPLITTER CABLE

Andrea Communications Y-100 Splitter cable allows you to connect 2 headphones simultaneously to your computer so parents and providers can monitor and listen to what the student is hearing.
